 **PURINA**
PRO PLAN
VETERINARY
SUPPLEMENTS

WHAT IF...

A PROBIOTIC COULD HELP
YOUR DOG FEEL CALMER?

Introducing Purina® Pro Plan® Veterinary Supplements Calming Care with *Bifidobacterium longum* (BL999), a probiotic strain shown to help dogs maintain calm behavior. In a recent survey, 62% of dog owners report that their dogs regularly exhibit one or more behaviors that could be signs of anxiety.*

Helps support dogs with anxious behaviors such as excessive vocalization, jumping, pacing, and spinning

Helps dogs maintain positive cardiac activity during stressful events

Helps dogs cope with external stressors like separation, unfamiliar visitors, novel sounds, or changes in routine and location

*Data was collected by Revelation Research via an online survey from August 15-19, 2018. A total of 826 nationally representative dog owners qualified and completed the survey. Qualified participants were men and women age 18 and older, owned one or more adult dogs, were household members most responsible for taking the dog(s) to a veterinarian, and had taken the dog(s) to a veterinarian in the past 12 months.
